2006 ANNUAL FUND DRIVE

RESCUE 5

The Fifth District Volunteer Fire Department remains committed to serving and protecting our community. Specialized apparatus has been an important element of successful community protection for many years. As with any machinery, time and wear necessitate the replacement of fire apparatus. Your contribution will be a significant factor in successfully addressing the financial obligations created by this emergency equipment.

We are asking for your support to maintain our efforts to provide a properly equipped fleet of emergency service vehicles. Your tax dollars do not fully fund these efforts. *It is the contributions of you and your neighbors that help us to continue to provide quality service.*

Thank You!
